

Uvex XMF™
TACTICAL EYEWEAR

UVEX™
by Honeywell

HIGH PERFORMANCE

PROTECTION

Nylon Rx insert available to accommodate prescription lenses. Designed to fit the full line of Uvex tactical eye protection products.

Dual 6.5 base wrap-around polycarbonate lens provides a wide field of uncompromised peripheral vision

Ratcheting temples allow for eyewear to be comfortably worn with hats, helmets, hearing protection and communication devices

Soft, flexible fingers on the nose piece reduce slippage

Uvex XMF™ Tactical Eyewear

Uvex XMF Tactical Eyewear provides high-performance protection with a variety of comfort and adjustability features to meet the demands of law enforcement, security, and military personnel. The eyewear features soft-flexible fingers on the nose piece to minimize slippage and thin, streamlined temples to provide a secure, comfortable fit. Available in three lens tints with Dura-streme® dual anti-fog/anti-scratch lens coating, Uvex XMF Tactical Eyewear is designed to perform in the most extreme indoor and outdoor environments and tactical applications.

- Available in Clear, Gray and Amber lens tints with Dura-streme dual coating technology to minimize fogging and provide superior scratch resistance
- Easy lens exchange system allows for quick adjustments to altering light conditions
- Certified to ANSI Z87.1-2010 and CSA Z94.3 standards
- Exceeds the U.S. Military ballistic impact resistance requirements for eyewear (MIL-PRF-31013, CLAUSE 3.5.1.1)
- Made in USA

Tactical Eyewear Kit

Uvex XMF Tactical Eyewear is available in a comprehensive, functional kit that includes:

- Uvex XMF Tactical Eyewear with clear Dura-streme anti-fog/anti-scratch lens
- 1 gray sunglass replacement lens with Dura-streme anti-fog/anti-scratch lens coating
- Micro-fiber storage pouch/cleaning cloth
- Uvex Fog Eliminator cloth to minimize fogging caused by cold, high humidity or sudden temperature changes. Provides a minimum of 40 applications with full effectiveness
- Black nylon crush-resistant carrying case and elastic hang cord

**Uvextreme®
Anti-Fog**
on the inside
provides anti-fog
protection near
your hard-
working eyes.

**Ultra-dura®
Anti-Scratch**
on the outside adds
up to **3X* more life**
to your lenses by
protecting against
harsh elements.

Uvex Dura-streme® lens coating delivers the ultimate in anti-fog protection and scratch resistance.

Dura-streme lenses combine two lens coatings on one lens: Ultra-dura® on the exterior and Uvextreme® on the interior to provide up to 3X* more lens life. Uvextreme anti-fog coating performs under the most extreme conditions and will not wear off after repeated cleanings. It is permanently bonded to the lens and retains anti-scratch, anti-static and UV protection properties. Ultra-dura anti-scratch coating is also permanently bonded to the lens and is scratch and chemical-resistant.

*Comparative lens life test performed using a Bayer Abrasion Test method and may vary between environment and application. Anti-fog performance based on independent lab test results.
